

Screen Protection Plan

This Plan **will furnish labor and replacement parts** from Day One necessary to replace your covered screen free of charge should it become cracked or broken for reasons other than mechanical or electrical defects, failures, or willful customer abuse. This coverage will not cover more than two (2) screen replacements during the term of the Plan.

This Plan must be purchased at the same time as the covered product and purchased in conjunction with a corresponding comprehensive RepairMaster Plan. Screens failing due to manufacturer's defects are not covered under the Screen Protection Plan. This Plan will provide carry-in service unless the corresponding comprehensive RepairMaster Plan provides on-site service or for computer monitors or laptops, an on-site upgrade plan (which will provide 2-way shipping) was purchased.

For service call toll-free 1-800-782-8661.
